Annexure to the Auditors' Report
(Referred to in our report of even date)

[Report on the Assurance and limitations of Audit under Standards of Auditing specified under Sub-section 10 of Section 143 of the Act]

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

1. Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

7. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

8. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

NOTE: 1

A. CORPORATE INFORMATION:

MECOSON PHARMACEUTICALS PRIVATE LIMITED is a Private Company incorporated in India in the Year 2020, under Companies Act, 1956 and having its registered office in Surat, Gujarat

B. SIGNIFICANT ACCOUNTING POLICIES:

1) Basis for preparation of Financial Statement:

The Financial Statements are prepared on the going concern under historical cost convention as also accrual basis and in accordance with the Accounting Standards referred to in Section 133 of the Companies Act, 2013 read with rule 7 of the Companies (Accounts) Rules, 2014. The accounting policies have been consistently applied by the Company and are consistent with that use in the previous year.

2) Use of Estimate:

The preparation of the financial statements in conformity with the generally accepted accounting principles requires Management to make estimates and assumptions to be made that affect the reported amounts of revenues and expenses during the reporting period, the reported amount of assets and liabilities and the disclosures relating to the contingent liabilities on the date of the financial statements. Examples of such estimates include useful lives of Fixed Assets, provision for doubtful debts / advances, deferred tax etc. Actual results could differ from those estimates. Such difference is recognised in the period(s) in which the results are known / materialised.

3) Investments:

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments.

Current Investments are carried at lower of the cost and fair value determined on an individual investment basis.

Investments, which are long term, are stated at cost. A provision for diminution, if any, is made to recognise a decline, other than temporary, in the value of investments.

4) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economy benefits will flow to the company and the revenue can be reliably measured.

Revenue from Sale of goods is recognized when the significant risks and rewards of ownerships of goods have passed to the buyer.

5) Taxation:

- (a) Current Tax: Provision for current tax is made on the estimated taxable income at the rate applicable to the relevant assessment year.
- (b) Deferred Tax: Deferred tax is recognised, subject to consideration of prudence, on timing differences between taxable and accounting income which originates in one period and are capable of reversal in one or more subsequent periods. The tax effect is calculated on accumulated timing differences at the year-end based on tax rates and laws enacted or substantially enacted as of the balance sheet date. In the event of unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only to the extent that there is virtual certainty that sufficient future taxable income will be available to realise such deferred tax assets. In other situations, deferred tax assets are recognised only to the extent that there is a reasonable certainty that sufficient future taxable income will be available to realise such deferred tax assets.
- (c) The Company offsets deferred tax assets and deferred tax liabilities if it has a legally enforceable right and these relate to taxes on income levied by the same governing taxation laws.

6) Provisions and contingent liabilities and contingent assets:

- (a) The Company recognises as Provisions, the liabilities being present obligations arising from past events, the settlement of which is expected to result in an outflow of resources and which can be measured only by using a substantial degree of estimation
- (b) Contingent Liability is disclosed by way of a note to the financial statements after careful evaluation by the management of the facts and legal aspects of the matters involved.
- (c) Contingent Assets are neither recognised nor disclosed.

7) Earnings Per Share:

- (a) Basic earnings per share are calculated by dividing the net profit and loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of any equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period.
- (b) For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.
